*"a riot of memory aimed
squarely at the present".*

In her latest show Ros takes us a wild ride through the time it takes to become a dance artist, delighting in the wicked pleasure of poking at her own myths and exploding some sacred cows of Australian culture. Crisp has never stopped. For 40 years her dances have prodded and inspired generations of dance-makers. In 2015 the French Ministry of Culture awarded her a Chevalier de l'Ordre des Arts et Lettres.
